Carton	60 pieces

DESCRIPTION

Tool belt pouch in polyester, designed for tradespeople and DIY users. One size that clips onto a belt to keep hands free while keeping tools immediately accessible. The lightweight fabric is easy to clean and suited to regular on-site use. This personalised bag helps transport and organise tools without restricting movement.

The pouch features seven separate compartments for screwdrivers, pliers, a cutter and spanners, plus a tape-holder strap. The photo shows narrow pockets of varying depths, a metal D-ring for attachments and stitched edging that maintains the pouch's shape. The belt is not included but the pouch clips to most work belts.

Customisation is available by screen printing transfer, transfer, DTF printing or flex, depending on the finish required. Ideal for companies, clubs, associations, events and private customers; personalised from 1 piece. Free quote within 24 hours on weekdays and our design studio can vectorise your logo.
