Labels and certifications	PETA Vegan
Country of origin	China
Carton	30 pieces

DESCRIPTION

This rectangular, multipurpose bag is designed for storing and carrying tools and spare parts. Made from polyester with semi-rigid side panels for structure, it features a wide top opening with double zip fastening and reinforced carry straps with a padded handle for more comfortable transport. It comes in several colour options, for example black and navy.

The semi-rigid shape and compact footprint make it suitable for valves, screws or small electrical components; a flat front pocket provides quick access to accessories. Trimmed piping along the edges and visible stitching strengthen the build without adding bulk. The synthetic fabric is easy to clean and maintain.

The bag is available for personalisation from a single piece for companies, clubs, associations, events and private customers. Customisation techniques: screen printing transfer, MSO transfer, DTF printing, flex. Practical as a personalised bag to brand your equipment or create promotional giveaways.

KEY FEATURES

- Versatile, spacious and durable.
- Very handy double zip fastening.
- Semi-stiff side panels for guaranteed strength and hold.
