Protective Knee Pads

WK. Designed To Work · Ref. WKP150

Reference	WKP150
Brand	WK. Designed To Work
Material	EVA
Country of origin	China
Carton	50 pieces

DESCRIPTION

Protective knee pads designed for work involving frequent kneeling, suitable for professionals and individuals. The pads feature a flexible EVA shell that absorbs impact and an ergonomic shape designed to fit into the knee pocket of work trousers. Available in two sizes (S, L), they are simple to clean with mild soapy water for routine care. The product comes in 1 colour (Black) and offers durable flexibility for prolonged use.

The flat, slightly contoured profile keeps the pad securely against the knee without restricting movement; edges are finished to reduce abrasion and ease insertion. Two size options ensure compatibility with different trouser pockets and body shapes.

Customisation is available by personalised bag methods: screen print transfers (transfert sérigraphique), DTF printing, MSO transfer or flex (flocking). Ideal for companies, construction sites, vocational schools, clubs and private customers. Single-piece orders accepted; request a free quote on weekdays.
