DESCRIPTION

Men's hoodie in 280 g/m² brushed fleece, made of 80% pre-shrunk cotton and 20% recycled polyester. It features side seams for a tailored fit, a single-jersey lined hood and flat drawcords with metal tips. The design includes a kangaroo pocket and ribbed cuffs and hem to maintain shape. Available in multiple colours (for example Heather Grey, Navy and Black Pure) and sizes XS to 4XL.

Practical details visible on the garment provide lasting comfort: a structured hood for better hold, a neck tape for durability and side seams that refine the male silhouette. The cotton blend offers softness while the recycled polyester adds resilience for everyday wear and routine care.

This hoodie can be personalised from one piece and is offered on a wide range of textile. Available decoration techniques: screen printing transfer, MSO transfer, DTF printing, flex and embroidery. Recommended for companies, sports clubs, associations, schools, events and individuals seeking a personalised hoodie.

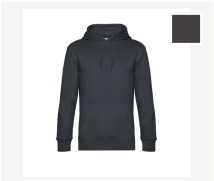

KEY FEATURES

- High-quality durable back neck tape.
- Flat drawcords with luxurious metal tips.
