DESCRIPTION

Unisex polyester cap designed for high visibility, available in several colours (for example orange, yellow). It features a low profile with six panels and a curved peak stitched six times, plus a cotton lining for added comfort. The PU-coated 300D polyester provides a lightweight, durable structure with sewn eyelets and a 3M label; reflective materials are integrated around the rear adjustment and the brim for improved visibility.

The curved brim includes a reflective edge and the rear has a reflective Velcro adjustment for easy sizing, useful for extended wear. The cotton inner lining gives a softer feel against the head; the cap is one size (circumference 56–62 cm).

Personalised cap options include embroidery and printing methods such as screen-print transfer, MSO transfer, DTF printing and flex. Suitable for companies, sports clubs, associations, events and private customers looking for a visible, practical cap personalised with your logo.
