DESCRIPTION

This unisex high-visibility polo is designed for outdoor work: a straight cut with short sleeves and a three-button polo placket. Made from 100% polyester mesh (120 g/m²), it provides quick-drying performance, stretch and reliable shape retention. It meets EN ISO20471:2013 Class 2 and is available in several colourways, for example Hi Vis Orange / Navy and Hi Vis Yellow / Navy, in sizes S to 3XL.

The polo features two wide retro-reflective bands around the torso, contrast shoulder panels and side vents with reinforced stitching for greater ease of movement. Details include contrasting cuffs and hem; the visible mesh structure helps wick moisture during prolonged activity.

This personalised polo can be customised from one piece using Screen Transfer, MSO Transfer, DTF printing, Flex or Embroidery. Suitable for companies, construction teams, clubs, associations and events; our in-house studio can vectorise or refine your logo for printing.

KEY FEATURES

- Two very wide reflective strips around the body
