DESCRIPTION

Unisex polyester chasuble designed for on-site visibility. The loose, sleeveless cut with a round neckline makes it easy to wear over workwear; the polyester fabric gives a smooth, stable appearance. Two 5 cm reflective bands encircle the torso and the vest complies with EN1150:1999, making it suitable where passive visibility is required. It is available in several colours, including Hi Vis Orange and Hi Vis Yellow, and in sizes S/M to XXL/3XL.

Fastening combines elastic with 10 cm Velcro® strips on each side for quick and simple adjustment. The edges are finished with contrast binding to reduce fraying and ease putting on and taking off. The design is intended to be worn over clothing and can be machine washed following the garment label.

This chasuble can be personalised from a single piece: we offer Transfert Sérigraphique (screen print transfer), Transfert MSO, DTF printing and Flex for applying logos or markings. Suitable for companies, construction sites, clubs, associations, events and individuals. personalised chasuble options are adapted to your needs.
