Standards	ISO 20471:2013 class 3
Country of origin	China
Carton	10 pieces

DESCRIPTION

Women’s high-visibility jacket built for demanding conditions: windproof, waterproof and breathable in 100% polyester (300 g/m²) with a tone-on-tone mesh lining. The tailored, cinched cut and semi-elasticated waist give a smart, feminine fit while preserving freedom of movement. Thermo-sealed seams and compliance with EN ISO20471 category 3 and EN 343 category 3,3 ensure protection in wet and low-visibility environments.

The jacket features an integrated hood into the collar with hook-and-loop closure, a heavy-duty double-slider zip with a protective hook-and-loop storm flap, side pockets under flaps and an internal chest pocket for a mobile. Reflective bands and piping enhance horizontal and vertical visibility; cuffs close with hook-and-loop and the interior has a fleece lining for comfort. A discreet internal personalization zip is located at the hem.

Order this personalised jacket from 1 piece and customise it using DTF printing, transfer, Flex or embroidery. Suitable for businesses, sports clubs, associations, events and private customers who need high-visibility garments with a professional finish.
