## DESCRIPTION

Unisex jacket designed for visibility and weather protection, made from durable nylon with a quilted padding. It has a longer cut for extended coverage, a heavy-duty zip with a storm flap secured by press studs, and a hood hidden in the collar. Two flap pockets on the outside and a chest inner pocket provide practical storage. Sleeves include elasticated knitted storm cuffs and seams are fully sewn and taped for waterproofing.

The jacket features horizontal reflective bands to improve on-site visibility and a matte fabric finish that reduces splash marks. The robust zip and buttoned storm flap maintain fit and protection during outdoor work. Available in several colour options, for example Black and Navy, and in sizes S to 3XL.

For customisation this personalised jacket can be finished with embroidery, screen printing transfers, MSO transfer, DTF printing or flex. It can be personalised from one piece and is ideal for companies, sports clubs, associations, events and private customers. Our design studio can vectorise or retouch your logo prior to production.
