Label	Sewn-in label
Standards	ISO 20471:2013 class 3
Country of origin	China
Carton	10 pieces

DESCRIPTION

Unisex high-visibility jacket in polyester with a mesh lining, designed for wet-weather protection and wearer comfort. It features a straight cut with an integrated hood, front zip with snap closures, two lower pockets and a drawcord hem for adjustment. Elasticated cuffs and taped seams provide weather resistance while maintaining breathability.

Reflective 3M tape is placed around the torso, on the sleeves and across the shoulders to maximise visibility — useful for road crews, maintenance teams and emergency response work. The outer fabric has a soft feel and a weatherproof finish; follow the manufacturer's care instructions.

This jacket can be personalised from one piece and is suitable for corporate, club, association, event and private use: personalised jacket by screen print transfer, MSO transfer, DTF printing, flex (heat transfer vinyl) or embroidery.
