DESCRIPTION

Unisex trousers designed for demanding outdoor work: a straight cut made from 100% polyester with a soft, breathable outer face that repels the elements while allowing movement. Offered in several high-visibility colours including Hi Vis Orange and Hi Vis Yellow and sizes S to 3XL, the design suits teams who need durable, comfortable protective trousers to wear over other clothing.

The garment features heat-sealed reflective tape around the lower legs, taped sewn seams for added weather protection, two access pockets and press-stud ankle fastenings to adjust the fit over safety boots. These practical details improve on-site functionality and visibility in low-light conditions.

These personalised trousers can be customised from one piece and are ideal for companies, clubs, associations and events. Customisation techniques available: embroidery, DTF printing, flex, screen printing, transfer printing (1-colour and multicolour), embroidered patches, pad printing and digital printing on items. Request a free quote.
