Composition	100% Polyester
Material	100% Polyester
Fabric weight	190 g/m²
Average weight	90 g
Standards	Visibilité accrue
Country of origin	China
Carton	150 pieces

DESCRIPTION

Personalised other accessories: a waterproof backpack cover designed to fit most 20–25 litre rucksacks. One size, made from durable polyester with heat-welded seams to reduce water ingress; the fabric is lightweight and folds compactly for storage. Suitable for everyday wet-weather protection, commuting, short hikes or school use where protecting the bag's contents is essential. Easy care — quick drying after hand wash or low-temperature wash.

The cover features two 25 mm reflective strips to improve visibility and a front mesh pocket for ventilation or small-item storage. An elasticated hem with an intuitive fastening system holds the cover securely on most backpacks. Available in several colours, for example Yellow, Black, Camouflage.

Can be personalised from a single piece, making it suitable for companies, clubs, associations and private customers. Marking options include embroidery, screen printing, flex, DTF printing, transfer and pad printing; our graphic studio can retouch or vectorise your logo.

KEY FEATURES

- Two reflective strips
- Mesh front pocket
- Suitable for most backpacks
