Country of origin	China
Carton	100 pieces

DESCRIPTION

Unisex high-visibility vest in a lightweight mesh designed for breathability during long shifts. Made from 100% recycled polyester from PET bottles, it features a straight, sleeveless cut, a front Velcro® closure and 5 cm reflective tape around the body and over each shoulder. Available in several colour options and sizes M to 3XL, it is suitable where visibility and comfort are essential. Care is straightforward thanks to the polyester construction; follow the manufacturer's instructions to preserve the fabric and reflective properties.

The open mesh improves ventilation while the wide reflective bands provide strong frontal and lateral visibility. The Velcro® fastening allows quick on/off, practical for frequent team rotations. Visible hems and a relaxed fit make the vest easy to wear over other work clothing, as seen on the photo.

This personalised vest can be marked using screen printed transfer, MSO transfer, DTF printing and flex flocking. Recommended for companies, sports clubs, associations, events and private individuals seeking a visible, customisable vest.

KEY FEATURES

- Lightweight and breathable knit
- Wide reflective strips around the body and one on each shoulder
