DESCRIPTION

These PVC identity armbands are built for practical, durable use: a transparent pocket holding cards up to 110 x 65 mm and an adjustable elastic strap in one size. The waterproof PVC protects the card from moisture while remaining flexible for comfortable wear on the arm. The product is offered in several colours, such as Red, Blue or Fluo Yellow.

The construction includes a PVC sleeve suitable for digital printing and slots for the elastic strap that ensure easy insertion and secure fitting. Finishes are straightforward and aimed at professional use: cards slide in easily and the surface cleans simply with a wipe. One Size fits most users.

Customisable from a single piece, this armband is suitable for personalised armband via embroidery. Available technique: embroidery. Recommended for companies, sports clubs, associations, schools and events. Our in-house studio can vectorise or retouch your logo and provides a free quote on weekdays.
