Heat Apply ID Pockets (Packs of 50)

Yoko · Ref. YID06

Reference	YID06
Brand	Yoko
Composition	100% PVC (polyvinyl)
Material	PVC
Country of origin	China
Carton	15 pieces

DESCRIPTION

Heat-apply ID pocket in 100% PVC, designed for a single-step thermal application (130 °C for 10 seconds). It holds cards up to 300 x 100 mm and is washable at 60 °C, making it suitable for workwear and safety vests. The PVC construction provides a waterproof protective window while remaining flexible for easy access to the card.

The pocket is rectangular with heat-welded edges that secure the card and preserve visibility. Its design allows quick attachment to a wide range of textiles by heat application; the pocket retains its waterproof properties after washing and repeated use.

Recommended for companies, sports clubs, associations, events and private customers, this product can be personalised from one piece. We offer marking and printing options such as screen printing, tampography, digital printing and DTF printing to match your needs. personalised other accessories.
