DESCRIPTION

The "London" backpack is made from 100% polyester and designed for high-visibility and daily use. This unisex one-size model features a central compartment with a dividing panel and a front pocket with adjustable volume, suitable for documents and small kit. Waterproof material and reflective strips on the front and sides improve visibility outdoors. Padded adjustable shoulder straps and a canvas top handle provide comfort and easy carrying.

The pack includes two mesh side pockets for bottles or accessories, contrasting zip closures and a reinforced base as seen on the photo. Visible stitching on stress points and side gussets help the bag keep its shape when loaded.

Customisation available from 1 piece: personalised backpack for companies, sports clubs, associations, schools or events. We offer transfer screen printing (Transfert Sérigraphique), MSO transfer, DTF printing and flex (flocage). Free quote within 24 hours on weekdays and our design studio can vectorise your logo.
